We sell our
excellence !

Our message

We are the leader in Vietnam

with 20 YEARS experiences

We have faith that our diligence, professionalism and creativity will create outstanding products and services. We believe that we not only sell quality products that meet national and international standards, but also do more - that is, sell our superiority.

NSCA's superiority lies not only in the high quality of its products, but also in its reasonable prices, creativity in every detail and, especially importantly, deep attention to customer needs.

In order for the common benefits that Starduct products bring not only to investors, but also to contractors and customers, we always listen carefully to customer opinions to capture and respond. the smallest needs in each project and accumulate them into intellectual property to serve them again.

Product Diagram

Ducting system :

- Retangular duct and fittings (E/EI)
- Spiral duct and fittings
- Retangular and Round dampers
- Air grilles, diffuser and louvers
- VAV/CAV box

Fire and Safe product:

- Uninsulated fire damper (E)
- Insulated fire damper (EI)
- Fire host real cabinet

Electric system:

- Perforated cable tray
- Trunking
- Cable ladder
- Electric Cabinet

Support system:

- C chanal U21/41/62/82
- Perforated square tube
- Duct and cable tray support
- Hanger and other supports

AIR GRILLE AND EGG CRATE PANEL

Air Grilles

Egg Crate Air Grille and Panel

TYPICAL APPLICATION

Egg crate grilles are the largest free area of any grille, this product is well suited to high capacity return/exhaust application that require low sound and pressure drop.

Model SEGC with fixed core and SEGC-O with openable core of Starduct is to meet variable needs. The sturdy construction and high quality powder coat finish are able to satisfy any requirement of performance and aesthetic appearance.

MATERIAL

- BORDER/FRAME: A6063 extruded aluminum, thickness 1.0~1.2mm. CORE: aluminum sheet, thickness 0.35mm

FINISH

- Standard: matt white RAL 9010 (optional RAL code). Guaranteed up to 10 years.

DIMENSION

- Customize

CORE

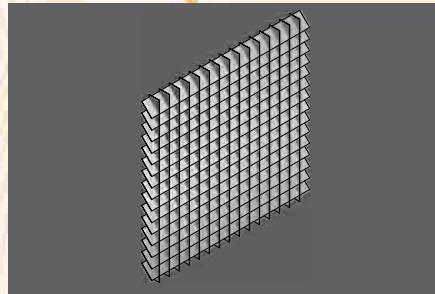

- Standard: 0° angled core, 1/2" x 1/2" (12.7mm x 12.7 mm) grid.
- Optional: 45° angled core obstructs line of sight through
- Free area: up to 90%.

OPTIONS

- Removable core
- Hinged core
- OBD (for supply or register)
- Filter
- EGG CRATE PANEL : 48" X 48", 24"X24", 48"X24"**

Duct and fittings

Retangular duct

REG. DUCT

Aesthetic foam covered
(internal & external)

Glass wool covered
(internal & external)

DESCRIPTION

Rectangular duct is factory fabricated and supplied with factory applied sealant on all longitudinal joint thermal/sound insulation liners can be installed at factory (for internal/cladding ducts) or in-situ for externally application.

All SQD duct of Starduct is conformed with SMACNA HVAC 06-2006 Duct Construction standard.

Material

- Galvanizing steel sheet, grade Z8, thickness 0.48 ~ 1.6mm (other thickness available per request).
- Insulation: glass wool with aluminum foil or aesthetic foam panels depending sound/thermal insulation needs.

Dimensions

- Customize

Longitudinal seam

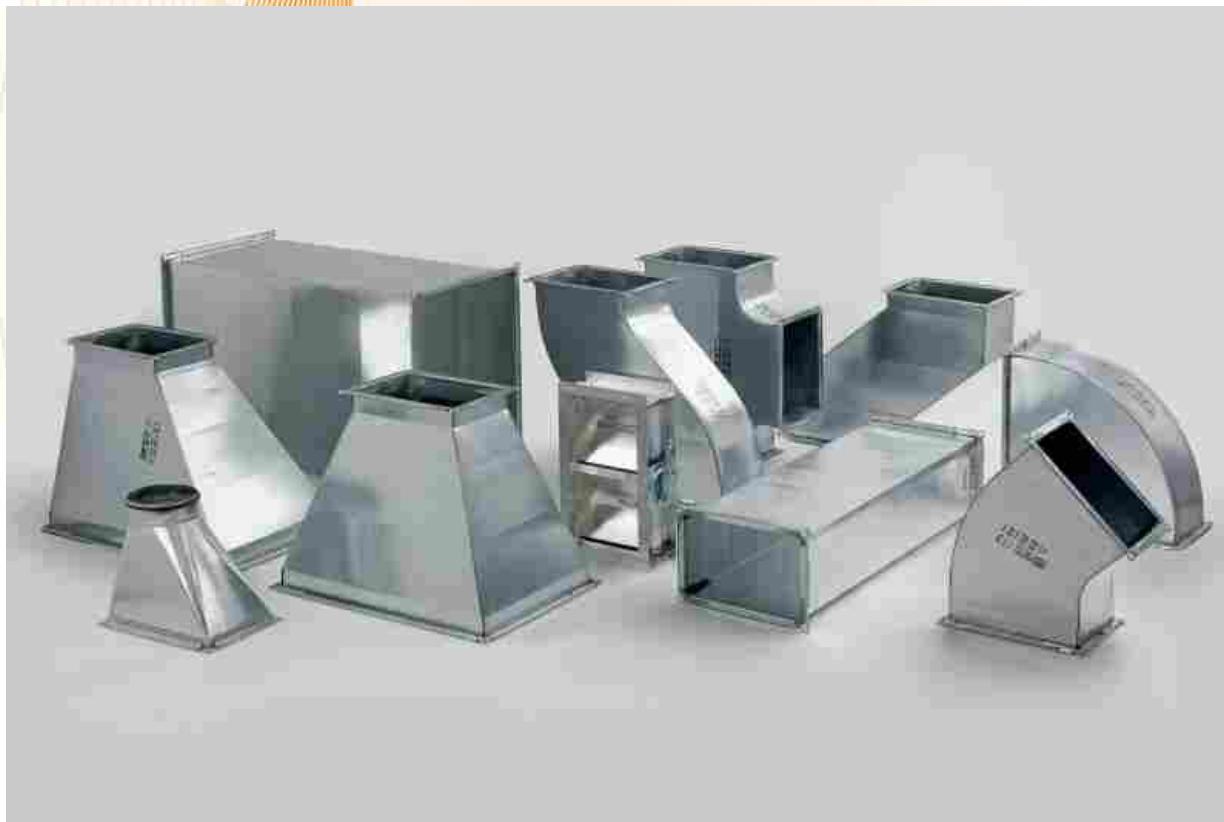

- Pittsburg, buttonlock or welded

Transverse joint/Flange

- Various types of SMACNA approved connection, such as TDF/TDC, Companion Flange (V), Slip & Drive (S)

External and internal reinforcements

- Based on agreed schedule with accordance to SMACNA HVAC Duct Construction standards

Duct and fittings

Spiral duct and fittings

DESCRIPTION

Insulated duct is factory fabricated and supplied with factory applied sealant on all longitudinal joint thermal/sound insulation liners can be installed at factory (for internal/cladding ducts) or in-situ for externally application. All SQD duct of Starduct is conformed with SMACNA HVAC 06-2006 Duct Construction standard.

▪ Material

- Standard/recommended: GI sheet Z18, thickness 0.48 ~ 1.2 mm
- Optional: thickness of zinc coats as requirement
- Optional: stainless steel

Size

- D80 to 1600mm

Seam

- Single spiral seam

Connection

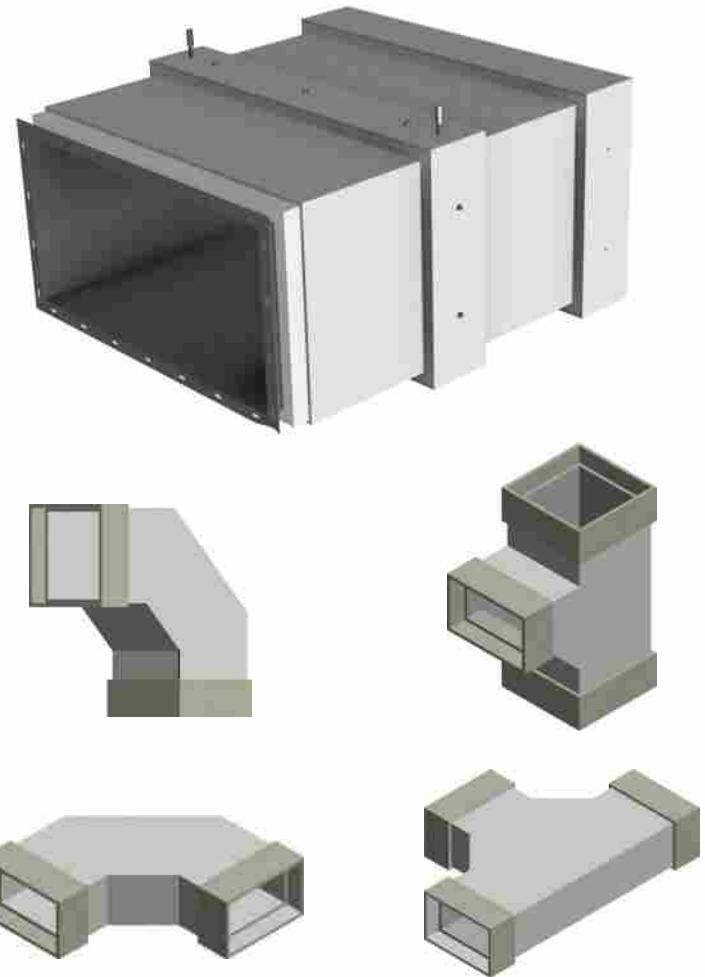

- As per SMACNA

Reinforcement

- Corrugation is available as a standard feature for diameter of DN 300 to 1600mm

Features

- Installation: EPDM gasket integrated on end of fittings
- Working temp.: from - 30 to +100°C.
- Working neg. pressure (max): 3000 Pa
- Working pressure (max): 5000 Pa

Duct and fittings

Insulated duct and fittings

DESCRIPTION

Insulated fire duct (EI) is a special product meeting very high standards.

Especially, in order to be accepted as official fire-protect application, the manufacturer must possess the licence issued by the concerning governmental agency.

SEID duct of Star Asia Jsc. is the product, that meet above requirement. Star Asia Jsc. possess the certificate No. 36/GXN-PCCC granted by Vietnam Fire and Rescue Police Department - Public Security Ministry and its product meet requirement of QCVN 03 2021/BCA - Technical Regulation to fire fighting and prevention equipment.

CONSTRUCTION

Material

- Duct body: galvanized steel sheet.
- Insulation board: 38mm ~ 96mm

Size

- Customize

Seam of metal body

- pittsburg, welded

Performance

- Class: EI 30 ~ EI 180

Duct and fittings

Flexible duct and connector

FLEX. DUCT

Material

- Casing: Aluminum-polyester (PET), reinforcement: high grade carbon steel wire 0.8 ~ 1.1 mm.
- Insulation: glass wool, thickness 25mm, 24kg/m³, 32kg/m³
- **Thickness of the aluminum foil :** ~ 0.035mm
- Size : D80 to D600
- Standard Length : 8m per piece

Material

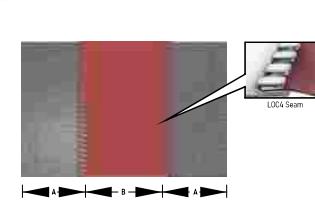

- Casing: Aluminum-polyester (PET)
- Reinforcement: high grade carbon steel wire 0.8 ~ 1.1 mm.
- **Thickness of the aluminum foil :** ~ 0.035mm
- ~ 0.035mm
- Size : D80 to D600
- Standard Length : 8m per piece

Material

- Casing: Aluminum-polyester (PET), reinforcement: high grade carbon steel wire 0.8 ~ 1.1 mm.
- Outer PVC cover
- **Thickness of the aluminum foil :** ~ 0.035mm
- Size : D80 to D600
- Standard Length : 8m per piece

Material

- Canvas: Rubber, PVC coated on both faces, thickness 0.58mm
- Steel plate: galvanized Z8, thickness 0.55mm (other options per request)
- Canvas Size : 75-100-150
- Roll : 30m per roll

Material

- Canvas: Fiberglass coated on both faces, 520 gr/m²
- Steel plate: galvanized Z8, thickness 0.55mm (other options per request)
- Canvas Size : 100-150
- Roll : 30m per roll
